

June 5-6, 2019 – Neuwied

Save the Date!

After conducting two successful events, W+D would once again like to invite you to this year's Direct Mail Days. More information can be found at www.direct-mail-days.com.

Direct Mail Days 2019 – June 5-6, 2019 at W+D, in Neuwied

The planned presentation program will be even more practice-oriented this time: In fact, we are pleased that we were able to convince the managing director of a large envelope manufacturer from the US to give a presentation. He will present his innovative approaches to direct mail envelope production as well as marketing and sales. In addition, the director of an advertising agency, who has over 20 years of experience with direct mailings, will provide practical tips. The presentations will also cover the field of printing technology: the speakers will provide interesting information on practical topics such as UV LEDs, achieving printing standards and reducing setup times in flexo printing, as well as refinement options in digital printing.

On both days, machine demonstrations will not only show you the latest features of our envelope, digital printing and inserting systems, but we will also produce live creative direct mail applications for you on these systems.

The agenda will be rounded off by an exhibition at which our international partners from the industry will inform you about trends and products in the industry.

On Wednesday evening, you can look forward to an exchange with visitors, exhibitors and W+D contacts at the "Come together" that will include culinary highlights.

The event will start on June 5 with a snack and end on June 6 with a snack and a factory tour. Catering is included on both days.

I will take part in Direct Mail Days 2019 in Neuwied free of charge and register bindingly as a visitor*:

Company: _____

Last name, first name: _____

Address: _____

Phone no.: _____ e-mail: _____
